“ from the Principal

Dear Readers,

To begin with, I find myself very fortunate to work with such dedicated, innovative and caring staff members and such great team of students. I find each day an adventure filled with new experiences, learning for all, and a chance to constantly widen our horizons. We firmly believe that every girl and boy can experience success and come out as a responsible, resilient and confident young adult, well prepared to take charge of their future and to become a productive member of the community. The society chalks out various modules to make students “Industry Ready” and enculcate various entrepreneurship and leadership skills in them. We are proud of all the team members as due to their efforts only our college is counted under Top 10 Commerce Societies of Delhi University.

Dr. Suraj Bhan Bhardwaj
(Former acting principal)
(02.06.2018 to 30.04.2020)

Dear Readers,

I can't begin to describe the untarned efforts and dedication of the society students. It always gives me a great pleasure to see the sea of smiling faces of children and I must admit that on many days it is these society programs who make my day a little brighter. For Combrosia, the growth of each individual student is main focus. We recognize that as we 'work together and learn together' students will be best able to achieve their potential. Expectations for our students are high. The flagship events- 'Inspiron and Combuzz-annual fest' of Comsoc are organised at a large pace and each student has a great role to play in making the events a huge success. I am really proud of all my dear students, who have worked so hard for their college society.

Dr. Shrivatsa
(Acting principal)

from the Convenor

Dear Readers

I have a great pleasure in welcoming you to the first issue of “The Pensieve“, the Annual Magazine of Combrosia- The Commerce Subject Society, Motilal Nehru College (Morning). Over the years with their immense hard and team work, the commerce students have brought the society to great heights. Ranking amongst the top 10 Commerce Societies of University of Delhi and constituting around 100 students, Combrosia has provided a platform to our students to explore the plethora of knowledge and learn beyond the textbooks. The core idea of the society is to mobilize the students enabling them to showcase their skills and talent through various events held round the year. It seeks to develop entrepreneurial and management skills during the seminars and workshops organised by them with in a span of a short semester. Various Educational Visits are organised for the purpose of imparting practical and industrial knowledge to students, like a successful visit to ICSI, Noida and an innovative day at Pearl Academy, Delhi to name a few. The flagship events – “Inspiron” (a series of motivational lectures from renowned speakers in various fields) and “Commerce Buzz” (the annual fest of Commerce Department) have become the identity of the Society. Added to the list are the Freshers Party and Farewell for commerce students, both full of power pack entertaining events, organised by the team.

I would like to mention that I have personally observed these students working religiously for weeks and months to organise all the events successfully and not compromising with their studies. They frequently get appreciation even from the students of other colleges. I wish the students all the success in their future endeavours and Combrosia to reach greater heights with more and more students becoming its members year on year.

EVENTS

Throughout the year

FAREWELL

April is the time of year when the first and second year students bid farewell to their seniors, signalling the end of the latter's undergraduate life. It's naturally a nostalgic time for the third year students. Farewells are crushing reminders of the fact that not only are we saying goodbye to our friends, but that we're saying goodbye to our leaders and our mentors. They are reminders of how much we've evolved and how far we've yet to go. Combrosia organises the Farewell party every year for their alluring Seniors on different themes to make this party a cherishable memory for them. The lead-up to the farewell is the usual: frantic running around and last-minute panicking by the juniors, and enthusiasm and denial by the seniors. All farewells include laughter and tears, excitement and nostalgia. It's never easy to think about how we won't interact with these people on a regular basis anymore, or how you have no one to guide you anymore. But we take solace in the knowledge that they're always only a phone call away. Comsoc organises one of the best and biggest department farewell of Motilal Nehru College (Day). The whole team prepares exciting games, prizes, momentous for everyone, lots of dance sets the stage on fire, students eagerly wait for the titles and graduation caps distribution part. The event was planned for students to have fun in college and We are really proud to say that as our every other event, this too was successful just because of our Combrosia team.

The event concluded with Prize Distribution to the winners by our Convenor and Faculty members.

Mergenture

Play with money, this is what Americans do by moving money back and forth through mergers and acquisitions.

Combroasia initiated this event to test the creative skills among students. We welcome students to a dwelling where dwellers dicker to make money in future. It's a Merger Ahead, here students come and experience how the companies shake hand. In this event the two different types of products are merged by the participants to create a new product on the basis of their innovation and creativity.

It consisted of three rounds:-

Round1:- Questionnaire round

Round2:- Two different products given to the company

Round3:- Presentation of the new product formed.

Khoj-e-Khazana
