Registration for Skill Development courses latest by 14th September 2016

The college in collaboration with the National Skill Development Corporation (NSDC) which is the executive arm of the Ministry of Skill Development and Entrepreneurship, Government of India is offering Skill Development Courses in the academic session 2016-17 to its present third year students in three sectors: Telecom, Healthcare and Tourism. The courses have a fee of Rs. 5000 each which will be paid by the students in two instalments (Rs. 2500 in each semester). The aim is to make the students skilled in areas which can make them employable soon after their graduation. The NSDC has assured at least 70% placement for students who complete the course successfully. The classes will be held every alternate day for two hours within the college campus.

The interested students of various departments should get themselves registered for the courses latest by 14th September 2016. For registration forms and for any kind of query the students may contact the following Teacher Coordinators.
